

# Double Head Welding Machine // 0,2 mm

## Product Description

- All operations are controlled by the digital touchscreen display
- Strongly welds two corners of PVC profiles with single operation.
- PLC control system Fixed left head allows welding at variable angles between 30° - 180°
- Welds both colored and white profiles with 0,2 mm. welding seam restriction
- Manually movable right head welds 90°
- Movable head is moved to the desired position manually and fixed by pneumatic brakes
- Long lasting heating plates distribute heat homogenously
- Ability to clean the heater plates easily
- Long lasting Teflon usage and easy change by special Teflon system
- Practical welding fixture changing system

## Technical Specifications

- Power supply: 400 V, 3ph, 50-60 Hz
- Power output: 4.0 kW
- Max. welding length: 3,400 mm
- Min. welding length: 425 mm
- Max. profile width: 120 mm (for 90° welding)
- Max. profile height: 120 mm
- Air pressure: 6-8 bar
- Air consumption: 100 l/min.
- Weight: 420 kg
